EXAMINER'S AMENDMENT / ALLOWANCE

This action is responsive to Applicant's amendment and arguments of 5/26/06, which have been entered into the electronic file of record.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Kevin T. LeMond on 8/2/06.

IN THE CLAIMS:

In claim 16, line 3, the words "via a transmitter associated with the automobile" are inserted immediately after the words "the device" and before the comma.

Allowable Subject Matter

Claims 1-3, 6-7, 9-20, 23, and 25-27 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or fairly suggest a system or method wherein music files are remotely requested from an

Art Unit: 2876

automobile using a transceiver associated with that automobile wirelessly using a peer-to-peer network, such that a communication path is made with a first remote device if it is determined that a particular music file is present on the first remote device, or informing a second remote device of the request if the first device is determined not to have the file.

The rejection that had been made in the instant case was based on the possibility of a laptop computer that operates wirelessly using a wireless network that it can pick up, and that is running some of the well-known peer-to-peer file sharing software on it. Such a laptop could easily be carried in a car. However, each of the independent limitations now recites that a communication system associated with the car is employed, overcoming this possible rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
